Other Business Activities

Jeffrey McAvaddy is a registered representative of American Portfolios Financial Services, Inc. (APFS) a registered broker/dealer, through which he conducts retail brokerage business. Jeffrey McAvaddy is also a licensed insurance agent; he sells various types of commissionable insurance products. In addition, Jeffrey McAvaddy provides tax preparation services. The fees that he collects from these services are separate and apart from any fees he may receive for investment services provided, which are discussed in the APA ADV Part 2A Brochure.

Jeffrey McAvaddy also receives commissions and other compensation (12b-1 mutual fund trail) based on the sale of securities, insurance, or other investment products. This practice may incentivize him to recommend investment products based on the compensation received rather than on the client's needs. To address this conflict, he seeks to recommend investments based on the best interest and long-term benefit of the client.

Additional Compensation

Jeffrey McAvaddy may participate in educational/training sessions and or business functions that are sponsored by various investment companies. However, this participation does not influence his decision in determining the use of any product.
