Other Business Activities

Parker Carroll is a registered representative of American Portfolios Financial Services, Inc. (APFS) a registered broker/dealer, through which she conducts retail brokerage business. Parker is also a licensed insurance agent and sells various types of commission-able insurance products. The fees that she collects for providing insurance services are separate and apart from any fees she may receive for investment services provided, which are discussed in the APA ADV Part 2A Brochure.

Parker Carroll also receives commissions and other compensation (12b-1 mutual fund trail) based on the sale of securities, insurance, or other investment products. This practice may incentivize her to recommend investment products based on the compensation received rather than on the client's needs. To address this conflict, she seeks to recommend investments based on the best interest and long-term benefit of the client.

Additional Compensation

Parker Carroll may participate in educational/training sessions and or business functions that are sponsored by various investment companies. However, this participation does not influence her decision in determining the use of any product.

Supervision

American Portfolios utilizes an online supervisory tool that allows the supervisor to review and monitor activity within advisory accounts. The reviews include but are not limited to e-mail, new account forms, trade blotters, and client suitability. Parker Carroll is supervised by Richard Gerepka who can be reached at (561)625-1611 should you have any questions related to your account.
